Dear Audrey,

I have had an Environmental Water System in my new home in Sundance Estates for the last year. I have very little water spotting.

I have spent the last 30 years of my life buying bottled water and schlepping it home. I didn't believe there was a way to have bottle quality water coming out of every faucet.

On pure faith I decided to trust you. I am very pleased with my decision. I'm not only drinking healthy water with the minerals. I also get to bathe in the same water.

Thank You
